### WELCOME FROM KEVIN

Hello, Friends of Aspen Gay Ski Week and AspenOUT!

Welcome to the 47th anniversary of Aspen Gay Ski Week! The Board of Directors and I are so happy to have you in Aspen for our annual fundraiser.

This year, we are delighted to welcome back JP Morgan Wealth Management and JP Morgan Chase & Co as the Presenting Sponsors for Aspen Gay Ski Week 2024.

We thank our many sponsors, the City of Aspen, Aspen Skiing Company, Aspen Chamber Resort Association, and local restaurants and retailers. AGSW 2024 is going to be the biggest Aspen Gay Ski Week ever!

This is a reminder that AspenOUT is a registered 501c3 non-profit. All of the funds raised during AGSW are given back to the LGBTQIA+ community via grants, programs, and scholarships. In 2023, we will have granted over \$160,000 in grants, scholarships, and mental health programs. A portion of every ticket and pass sale supports AspenOUT and our ability to give back to the LGBTQIA+ community.

In 2023, AspenOUT underwrote approximately 300 hours of professional mental health counseling for young people struggling with their sexuality or gender identity. AspenOUT supports eight GSAs in the Roaring Fork Valley and is incredibly proud of our scholarship program for graduating seniors in the Roaring Fork Valley. In 2023, we awarded over \$16,000 in scholarships.

In light of current events, you may see increased security surrounding AGSW events. AspenOUT thanks you in advance for your patience.

### BENEFICIARY SPOTLIGHT

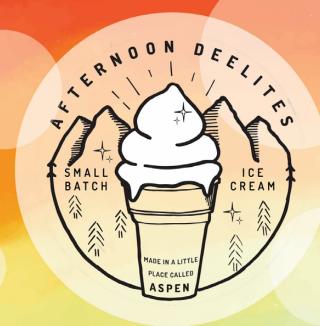

On April 2, 2023, at the early age of 18, Jack Holden Raife, a native of the Roaring Fork Valley, took his life. Although stricken with grief, his mother, Kathy, forged boldly forward to raise awareness and provide opportunities for other youth to gain access to mental health services by establishing the **Jack Raife Fund** with the assistance of **AspenOUT**. Jack's memory continues by giving youth in the LGBTQ+ community vital funding for a better tomorrow.

Please read the following stories of just a few lives helped by this fund.

NS is a young queer adult from WA who has a significant trauma history of physical, emotional, and sexual abuse. Their lack of therapeutic intervention for many years resulted in a trauma-based eating disorder, ARFID. It was clear that they needed an intensive intervention, and not many programs available can offer that level of intensive intervention. Thrive found a program in UT that could provide this level of intensive care with an out-of-pocket cost of 7K, which AspenOUT supplied in the form of a scholarship. They are still engaged in the program and fully participate in the process. Thrive is hopeful that they will complete the program in the next month and be able to return home to continue her recovery and mental health journey.

LR, a non-binary 13 year old from the Roaring Fork Valley, was enduring extreme emotional distress and social isolation. They attended an intensive wilderness mental health program, and transitioned to a therapeutic boarding school, where they are making significant progress. In partnership with the school, and \$10,000 from AspenOUT, LR will be able to complete their program, with the goal of returning home by the end of the school year. Funds from AspenOUT allowed LR and their family to focus on the final few months of treatment, and relieved significant financial and emotional strain.
